

MURALS OF THE PALM BEACHES

Sharon Koskoff

LOXAHATCHEE OBSERVATIONS. Artist Dana Donaty painted aluminum panels and installed them onto the north wall of the Delray Camera Shop in 2007. Paint was also applied to the uncovered surfaces to complete the 75-foot-wide, 15-foot-high wall. *Observations* was commissioned by Gene Fisher of the Pineapple Grove Main Street program. In 2012, Palm Beach County AIPP contracted Donaty to create a mural installation at the Head Start School in West Palm Beach.

REACHING FOR THE STARS IN PROGRESS. Sharon Koskoff's third NARP grant, the Community Mural Project III at the Delray Full Service Center, highlighted the school's cheetah mascot. Cuban-born Boca Raton artist Margarita "Maggie" Jourgensen paints high up on a ladder with students. Maggie is best known for her cutting-edge mixed-media assemblages and has volunteered on many of Koskoff's projects.
